Contents

```r
# scrape the website
url <- "https://www.espncricinfo.com/player/team/india-6"
page <- read_html(url)
#output the html text to a text file
write_html(page, "html_text.txt")
```

```r
player_list=page %>% html_nodes(".ds-flex-col") %>% html_text(page)
#output the player list to a text file
write(player_list, "player_list.txt")
```
